This will be around 5pm Meeting will start at 6pm.

SNZ Approved Format Qualifying Rule M4 23

All competitors will be split into three or more groups (dependent on numbers #) which will be seeded and all grids done for all competitors. This is determined by Ruapuna Speedway. This information will be provided to entrants as soon as practical following the entry closing date. It will also be posted on our website. Each group will race two heat races, one against each groups where the top 16 points scorers will progress to the final. This will make the grids for the final race in order of there points. The top qualifier will have the option of grid 1 or 2.

(# If there is less than 15 cars then there will be two heats all in and the final.)

All the above heat races will be 12 laps.

In case of a tie on points for the top qualifiers in each group the following system will be used to resolve the matter. Whoever has the higher finishing position in any of the two heats of the two persons tied on points, they will be given the higher ranking than the other person. If this cannot separate them, then person with the fastest lap time in the heats will be give the higher rank.

All remaining drivers will race in a last chance 'B Main' race. The first 4 drivers to cross the finish line

after a set number of laps (determined by the host track) will transfer to the winner takes all final race. These drivers will fill grids 17 to 20.

B Main laps will be the same as the number of cars entered into the B Main, with a maximum of 12 laps.

Final: Will see the highest points scorer selecting grid 1 or 2 for the 25 lap final.

The winner of the 25 lap final will be crowned the South Island Midget Champion.

Ruapuna Speedway reserves the right to modify or change the format if weather conditions are not favourable, in conjunction with SNZ,
